ATTEMPTS SUICIDE

SAMUEL LOWRY TAKES A QUANTITY OF STRYCHNINE ABOUT 8 O'CLOCK THIS MORNING

THE REASON IS UNKNOWN

Tells Doctors That He Bought Drug Three Years Ago—Son in Army.

Samuel Lowry, 54 years old, Seventh and Fillmore streets, is in a very serious condition at his home as the result of taking a quantity of strychnine about 8 o'clock this morning. Doctors Wallis and Dean, the attending physicians pronounced his recovery as doubtful, although every known method is being used to save his life.

According to Mrs. J. S. Clark, a sister, no reason can be given for the rash act of Mr. Lowry. He arose as usual this morning, she said and seemed to be in the best of spirits. After eating a hearty breakfast, he went to the garage at the rear of his residence and started to work on his car. He remained there for about 15 minutes and then came into the house and threw himself upon the floor, saying that he was suffering from stomach cramps. He asked that a physician be sent for at once to relieve his pains. While waiting for the doctors to arrive he admitted to his wife that he had taken the strychnine.

Mr. Lowry was formerly employed at the Free Light Company, and for the past three years has been retired. He was alwnys of a most bright and cheerful nature, it is said, and no reason can be given for his rash act this morning other than a certain mania for the drug.

He made statement to the doctors this morning that he had purchased the strychnine about three years ago and the belief is that he hid it on the premises of his residence until a time when he wished to end his life.

Since leaving the Free Light company Mr. Lowry had been living a retired life, and has not taken a very active part in any business affairs. His personal and business affairs are in good condition, it is said, and no trouble can be found which might have prompted him to take his life.

Mr. Lowry has a wife and four children, Mrs. Morehouse of Hopkins, and Hazel and Gladys, both of whom reside with their parents in this city. One son, Lawrence, is in the army, and efforts are being made to reach him to notify him of his father's act. In addition to his wife and children he also has his aged parents, Mr. and Mrs. B. F. Lowry, of this city, who are grief stricken at the bedside of their son.

TOWNSHIP IN FOUR DISTRICTS

Board Decides to Have Fewer Number of Road Districts—Are Figuring on Buying Another Tractor.

The township board has decided to divide the township into four equal road districts instead of nine like it has been heretofore. The board feels that more efficient work can be accomplished by dividing the township in less districts. The men to have charge of these districts will be appointed at the next meeting of the board to be held April 15. Also at this meeting the board will make the regular township levy. It will probably be the same as last year, 10 cents on 100 assessed valuation for township purposes, and 25 cents on the 100 for road and bridge purposes. The township expenses are stimated at $15,000 outside of road and bridge purposes.

The board is figuring on buying another tractor. A car of corrugated culverts was ordered by the board yesterday.

A MEETING IN ST. LOUIS

The Dentists of Maryville Will Attend State Convention From April 14 to 16.

Ex-President's Theodore Roosevelt's death has been attributed directly to infection from a diseased tooth that eventually caused the fatal illness and the warning issued by leaders of the medical profession that the condition of the teeth is a vital factor in the maintenance of health, promises to make the coming convention of the Missouri State Dental Association the most important and largely attended in the history of the Organization.

The profession is advancing with such rapid strides that methods of two years are antiquated and practically every progressive dentist in the state and that of course, includes those of this community are planning to be in St. Louis from April 14th to 16th.

Over one hundred dentists of national fame and reputation are scheduled to give lectures and demonstrations to the thousand delegates that are expected to attend not only from Missouri but Illinois as well. Special amphitheatres are being constructed in Hotel Statler where these lectures and practical demonstrations will be conducted and particular attention is to be given to the study of the diseased tooth and its influence on other parts of the body creating illness that frequently results in death.

So if you have teeth that you think will trouble you during the week of the convention, you had better have them attended to at once, for just as sure as you have a progressive wide awake dentist he will be in St. Louis during that period learning how to apply to your teeth the latest and most approved methods of dentistry.

GAVE TALK AT SCHOOL

W. A. Blagg Addressed High School Students of Savannah.

The following is taken from this week's Savannah Reporter:

Wes. Blagg of Maryville, came to Savannah last Friday to address the high school students. At the request of Mr. Blagg, the seventh and eighth grades were invited, as his message had special value for them. His address was one of the most interesting and effective that has ever been given at the chapel hour. His chief theme was that there can be no success in life without thorough and adequate training. He declared it to be his most decided opinion that a high school education should be the minimum amount of training with which any young person should expect to achieve success. He was emphatic in his denouncement of that type of commercial college which seeks to lure young people having less than a high school education into the belief that they can within a few months train them for successful careers. Many speakers could have produced the thoughts Mr. Blagg gave, but we doubt if anyone else could have equaled his method and manner of presentation, which not only aroused the interest of every pupil, but which fixed the ideas so firmly in his mind that he will never forget them. Many of the students pronounced it the best address they had ever heard, and we are sure that they all received an increased determination to finish their high school education.

George De Armond Here.

George De Armond, who is in military service at Camp Pike, Ark., arrived in Maryville yesterday to see his mother, Mrs. S. D. eD Armond, who has been quite ill since Sunday.

NEW GOVERNMENT

LAST MEETING OF THE PRESENT COUNCIL TONIGHT

MILL RETAIN THE MAYOR

All Old Ordinances to Remain in Effect Unless Repealed by Commissioners.

The city government of Maryville will be changed on Monday from the aldermanic form to the commission form of government. The last meeting of the old council will be held this evening, with Mayor Garrett, presiding, to wind up the year's business, preparatory to the change. The members of the council are M. A. Hahn, and James Stewart from the first ward; Howard Strong and Warren Jones from the second ward; M. A. Peery and Aaron Souers from the third ward; and James Smith and Tom Pennisten from the fourth ward .

Under the commission form of government Mr. Garrett will still continue as mayor with Roy Curfman and G. B. Roseberry as councilmen. They will have entire charge of running the city, such as adopting or repealing ordinances and appointing or creating necessary officers. This form of government is in effect here for six years and can only be changed at the end of that time by the vote of the people.

All old ordinances are still in effect unless the commissioners should repeal them.

Maryville was incorporated as a fourth class city in 1880. The first mayor was S. R. Beech, who was succeeded by James G. George, J. T. Welch, . A. Ellis, J. G. Grems, F. M. Cooper, Howard McCommon, S. C. McClusky, J. C. Donnell, W. T. Garrett, Augustus Romasser, W. H. Totterdale, F. P. Robinson, Arthur S. Robey, U. S. Wright, Arthur S. Robey, and W. O. Garrett.

The town was incorporated in 1856, but the act was annulled in 1857. The next effort towards incorporation was in 1859, but probably on account of the oncoming of the great Civil War, it was allowed to lapse. Again in 1866 in regular order it was incorporated, but discontinued in 1869, but soon after it was incorporated. The first trustees of the town appointed at its reincorporation in 1869, were William B. Jones, chairman; A. A. Minnier, William Anderson, R. H. Cox, and T. L. Robinson, who selected for their clerk, D. L. Palmer, and I. V. McMillen for their attorney. The chairmen of the town trustees up to the time Maryville became a city were W. L. Johnson, Henry Graves, T. J. Johnson, L. M. Lane, J. E. Alexander.

MITCHELL WELLING RELEASED

Parents Notified by Message From York Last Night.

Mitchell Welling, the son of Mr. and Mrs. Fred Welling of this city, who has been in military service for the past year at Fort H. G. Wright, New York, has been released from service and is enroute home, according to a message received by the parents last night.

Previous to entering the army, young Welling was employed as bookkeeper for the Farmers Trust Company. He will visit in Chicago for a couple of days before coming to Maryville.

ATTENTION, SERVICE MEN

Over Fifty Discharge Papers Are Awaiting Owners at the County Recorder's Office.

County Recorder Dan R. Baker announced this morning that all soldiers, sailors and marines who have brought their discharge papers to his office to be recorded before sending them to Washington in connection with the $60 bonus to be paid by the government, may secure them at once.

When the order was issued, notifying the service man to make application for the bonus, the County recorder's office was flooded with former service men, who wished to take the precaution of having their discharges recorded before sending them away. A total of approxibately 300 discharges were received in this city.

County Recorder Baker explained that the work of recording the papers has now been completed up to date, and that there remain in his office between fifty and sixty discharges which have not yet been called for.

HONOR SERVICE MEN

RECENT RESOLUTION ASKS SERVICE FLAG FROM EACH COUNTY

THE GOLD STAR HEROES

Committee To Be Appointed To Make Up Flag—To Be Placed in Missouri Capital.

County Superintendent of Schools Bert Cooper has been notified of a resolution which has recently been passed in the state legislature at Jefferson City as a means of honoring the men from each county in Missouri who were in service during the war.

According to the advice received by Mr. Cooper each county is requested to make a service flag containing the number of men who were in the army, navy or marines in white figures, in the center of the flag, while each man who has been killed or died while serving his country is to be represented by a gold star. The flags are to be sent to Jefferson City, where they will be placed in the capital building.

Mr. Cooper stated this morning that he would appoint a committee in the near future to make up the service flag from Nodaway county. Records show approximately 1,300 men who have been in the service from this country, thirty-eight of whom have been killed in action or died of natural causes.

MUST BRAND EGGS, ORDER.

"YANKS" IN RUSSIA

U. S. TROOPS SENT TO FIGHT BOLSHEVIKS AT MURMANZK

GERMANS STILL RIOTING

Berlin Newspapers Say Country Is "Dashing Into Another Revolution."

London, April 4.—American reinforcements have been sent into northern Russia to fight the Bolsheviks, it was learned today. The troops are going to Murmanzk, where the situation is said to be critical. The Bolshviks are preparing for another drive on the Archangel front, it is stated. More British troops are expected to arrive in Russia by the end of next month to relieve the forces now under pressure.

Berlin, April 4.—Fighting was still in progress at Frankfort-on-the-Main, according to the latest reports from that city. Twelve pillagers were killed by government troops, four of them being women known to have enormous property holdings. Considerable damage was done there and the streets were littered with broken furniture and materials carried from the stores. There has been further fighting in Westphalia also but the situation there is said to be more quiet. The mine owners of the Ruhr district are fearing that their assassination is at hand, and many of their workmen are in flight. Berlin newspapers declare that their country is "dashing headlong into another revolution. "Paul Ellizibacher, writing in the 'Red Flag,' a radical newspaper, advises Germany to embrace Bolshevism rather than become the slave of the Entente Powers.

Cairo, April 4.—Order is being restored in Egypt following the arrival of General Allenby, conqueror of the Turks.

MISSOURI—THE LAND OF MUD

S. M. Williams Opposes Grading of Dirt Roads as Step Backward in State Development.

St. Louis, April 4.—The expenditure of $70,000,000 for the grading of 6,000 miles of dirt roads in Missouri was characterized as absolute waste by S. M. Williams of Washington, president of the Highways Industries Association, addressing representatives of the Chamber of Commerce here. He urged the defeat of the proposed measure.

Williams stated that the money would be wasted unless provision was immediately made for surfacing the roads after grading. The proper method of grading is to close the road to traffic during the proecss, and then pave it with some permanent material.

He said that the policy of grading roads without furnishing a suitable wearing surface would advertise Missouri as a backwoods state and that it would be shunned by people who designate it a "land of mud." He said that the construction of dirt roads is a step backward in the development of the state.

MAKES MOTOR THEFTS DIFFICULT

The House Engrosses Bill Providing for Registration at Sale.

Jefferson City, April 4.—The house engrossed yesterday a bill introduced by the motor car owners and the Anti-Horse Thief Association which is designed to make motor car thefts difficult. The bill provides that when a car is sold the man who sells it must indorse his name on the back of the certificate or registration for that car before a notary. The man who buys the car also signs the certificate, which he retains as proof of his ownership. Both men must notify the secretary of state of the sale, and that official must, on the payment of a 50-cent fee by the vendue, note the change of ownership on the registration books in his office in Jefferson City.

Fred Storm Here.

Fred Storm of Okmulgee, Okla., arrived in Maryville last night on a short business trip.

SUFFRAGE BILL PASSES HOUSE.

Jefferson City, April 4.—The House today by a vote of one hundred and eighteen to two, passed the Senate bill granting presidential suffrage to the women of Missouri.

YARN READY FOR KNITTERS

Women of the City Are Asked to Knit Refugee Garments—Material at Red Cross Rooms.

The yarn for knitting refugee garments has been received at the Red Cross headquarters and is now ready for distribution to the knitters. The women of Maryville are urged to help with this quota of knitting, which is not large and can be completed quickly. The garments asked for are sweaters and small stockings and they are to be sent to the war stricken countries.

The yarn may be secured at any time at the Red Cross rooms on West Third street.

35 YEARS A "CLOTHING MAN"

John Murrin Began a Clerkship in 1884 With Hughes & Snapp and Later Steps Into His Own.

John Murrin is observing an anniversary today that is both enjoyable and interesting for it marks just thirty-five years from the day he started his mercantile career by entering the employ of the Hughes & Snapp clothing store and he has been a "clothing man" ever since.

He began April 4, 1884 and the store which was at the present site of the Corwin-Murrin store, was then owned by George W. Snapp and Tom Hughes. Later these men sold to J. F. Montgomery and C. C. Corwin and a little later Mr. Murrin joined the partnership and it was Montgomery-Corwin-Murrin. A few years ago Mr. Montgomery sold out his interest leaving the other two members as sole owners as it stands at present.

THE HEARING IS CONTINUED

Trouble Over Property Boundary to Be Aired April 19 Before Mayor Garrett.

The case of the City of Maryville against Mrs. Kate McFarland, who was recently arrested on a charge of disturbing the peace, brought by Arthur Moore, a section foreman of the Wabash railroad, and which was scheduled for a hearing this afternoon before Mayor W. O. Garrett, was continued until April 19. The motion for a continuance was brought by City Attorney A. F. Harvey, who contended that important witnesses for the prosecution would be unable to appear.

The controversy it is said, is in regard to a boundary line between Mrs. McFarland's property and the land owned by the Wabash railroad. Moore lives in a section house on the railroad property and alleges that he has been annoyed by a horse belonging to Mrs. McFarland which he says is permitted to roam at will. An argument was brought about over the matter several days ago with the subsequent arrest of Mrs. McFarland on the peace disturbance charge. Attorney C. E. Stillwell will defend Mrs. McFarland at the coming hearing.

8825 for Shorthorn Cow.

The second day of the Central Shorthorn Breeders Association sale at the Kansas City Stockyards was marked by unusual activity yesterday, many cows, both young and old changing hands. The average price was $363.50 thirty-eight head bringing $13,815.

The top sale of the morning session was when Mysie's Queen, a 6 year old cow brought $825. F. C. Barber of Skidmore, bought the animal from Geo Mo., bought the animal from George A. Tutt of Bunceton, Mo.

Baker Residence Sold.

The residence of Mrs. Alicme Baker on West Second street was sold yesterday to J. R. Daugherty, living south of the city. The purchase price was $3,500 and the deal was made through the Holmes Realty Company.

Return to St. Louis.

Mr. and Mrs. Owen Murrin Jr., of St. Louis, returned to their home last night after a two weeks' visit here with Mr. Murrin's father, Owen Murrin and his brother, John Murrin.

PRESIDENT IS ILL

UNABLE TO ATTEND PEACE CONFERENCE TODAY

GRANT BELGIUM'S CLAIM

Italians Claim That Lloyd George and Clemenceau Have "Stacked the Cards."

Paris, April 4.—President Wilson was unable to take part in the Peace Conference discussions today because of a bad cold which compelled him to take to his bed. The President has been suffering from a cold intermittenly ever since his arrival in France. Furthermore, his vitality has been taxed by the enormous amount of work which accumulated in Washington after his return from Paris.

This morning the Presidents condition was still acute, although there is evidence that he is somewhat relieved. Only his tremenduous will power permitted the president to get through the Thursday's program, but even that did not sustain him late in the day, when he was compelled to go to bed. Dr. Grayson gives assurance that a complete rest will assure the President's speedy recovery. It is impossible to say, however, when he will be able to resume his deliberations with the "Big Four."

Paris, April 4.—The "Big Four" has granted Belgium's claim of priority payment from Germany, it was understood this afternoon, although there is no official statement on the subject.

Washington, April 4.—President Wilson favors independence for the Philippines. This assurance was conveyed today by Secretary Baker in a letter from the President to members of a commission delegated by a legislature of the Islands.

Paris, April 4.—"Breakers" are developing in the Peace Conference situation as the result of pressure from certain Italian circles demanding that Orlando withdraw from the "Big Four" conferences. The Italians are making demands which declare in effect that the "cards are being stacked by Lloyd George and Clemenceau against Italian claims and aspiration.

SON ARRIVES AT CAMP LEWIS

Fred Phillips, with Army of Occupation Now in States.

Fred Phillips, the son of Mr. and Mrs. W. R. Phillips of Colville, Wash., who have been spending several months here with Mrs. Phillips' mother, Mrs. J. S. Miller and other relatives, has recently returned from eighteen months over seas service. He has notified his parents of his arrival at Camp Lewis, Wash., and his subsequent release from service. Young Phillips was with the army of occupation in Germany. In December he became ill with influenza, was sent back to a hospital in France and then returned to the States with a casual company. He expects to join his parents here or a visit with Nodaway county relatives.

New Serb Republic Denied.

Air travels will be more popular when aeroplanes are provided with soft cushions for landing purposes.

President Wilson demands that the peace envoys get results. He will have not only the universal support of the people of this country but the heart of the world back of him in that demand.

The Washington Herald says: "The allies have a third of a million troops in Russia. That is too many if we don't mean business, and too few if we do mean business."

LET THEM TALK.

Senator Reed has challenged former President Taft to a joint debate on the proposed league of nations. In the event that Mr. Taft can not accept, he proposes to debate the question with Senator Hitchcock "or any other Senator, democrat or republican."

Before departing for Europe the last time, President Wilson announced his desire for a full and free discussion of the proposed league covenant. Last week he made the statement in Europe that he was giving careful attention and consideration to all the objections and proposed amendments to the proposed league constitution and that he hoped to be able to offer amendments that would satisfy all reasonable criticism.

The statement has since been made in the cabled news that the American delegates look with favor on the amendments suggested by former Senator Elihu Root of New York. So, it is evident that our delegates, headed by the President, do not regard the original draft of the league constitution as immune from change or improvement.

The proposed league is a measure for which great things are hoped. It involves far reaching possibilities and goes further into the matter of international agreements than has ever yet been attempted. As a new venture in world government it is highly desirable that it be constructed free from weak spots, flaws and knot holes and, to that end, all legitimate discussion should be helpful and wholesome. The final draft of the league has not yet been agreed upon and it is not therefore possible to discuss the proposition as it will be finally presented to the Senate for ratification.

There will be, of course, ample discussion in the senate when the matter comes up for consideration by that body along with the peace agreement but the Senate is far removed from the homes of the people. This is a matter that will affect the happiness and destinies of all the people long after the average senator has been forgotten and it seems desirable that the people hear and learn the facts involved and study the proposition for themselves at first hand. The people will want to know, not only the general theory and principles of such a league but the actual covenants proposed as a workable piece of machinery. It's good features will thus take a stronger hold on the public and its defects, if any, may be made manifest. A good cause can not suffer from honest discussion, and there is usually wisdom in much counsel.

If you are sick and have not been able to find relief for your ailment, make inquiries of your neighbors and friends regarding Dr. Prettyman's success in such cases.

He has been coming here for many years and his work has been productive of much good. Besides that, he is reliable, trustworthy and merits the reputation he has made.

Investigate him and then try him. He charges nothing for consultation and his charges are reasonable, if he treats you.

He will be at his office, at the Linville Hotel, Monday, April 5, where he can be consulted free of charge.

TWENTY-TWO EGGS IN HEN

Peculiar Circumstances to Be Investigated by Cal. U. Scientists.

Oakland, Cal., April 4.—For six and one-half years "Martha Jane," little leghorn hen owned by George Petrie, assistant station master at the Oakland pier, has been laying eggs. According to Petrie, who has been keeping count, during the egg season she was good for about nine every ten days.

Recently "Martha Jane" quit laying and began to grow in size. She kept on growing, and the growth was attended with signs of great distress, and the fowl was in such agony she was killed to end her misery.

Inside her were twenty-two perfect eggs with shells on, most of them of average size, and the embryos of 101 more.

Petrie has sent the fowl and her history to the University of California for an opinion.

Depend on our Want Ad. Column.

To Combat "17 Year Locust"

The sacking of the orchards will begin in many sections of the United States about the third week in May—not as the Huns did in the fruit lands of France, but a protective sacking, literally, with cheesecloth, against another ruthless horde, to wit, the 17-year locust." This pest will occur over twenty-one states, coming out perhaps the last week in May. The injury inflicted by it consists in splitting the tender branches of trees for depositing eggs. The greatest damage is to very young trees. Expert advice has usually been to defer the planting of young fruit trees until another season; but the United States Department of Agriculture, realizing that to defer planting, particularly where trees have been bought and the ground prepared, would entail a considerable loss. Therefore the advice offered is, defer planting until 1920 if feasible. Otherwise put out the trees and protect them with cheesecloth coverings. Such protection can be made practically absolute. The coverings need not be put on until the insects have emerged from the ground when it can be determined whether or not they are sufficiently numerous to make covering of the trees necessary. Once put on, the coverings should be allowed to remain until the insects are gone. The protection can be made practically absolute. The cheesecloth should be gathered and tied in below the branches and extend upward to cover practically all the foliage, being gathered in and tied at the top in suchmanner as to leave a small cluster of leaves free. This method can be applied, if necessary, to trees of last year's planting. In areas likely to be heavily infested pruning should be postponed until the insects have disappeared, when pains should ge taken to remove injured wood and to reshape the tree where necessary.

THAT CHANGE IN WOMAN'S LIFE

Mrs. Godden Tells How It May be Passed in Safety and Comfort.

Fremont, O.—"I was passing through the critical period of life, being forty-six years of age and had all the symptoms incident to that change—heat flashes, nervousness, and was in a general run down condition, so it was hard for me to do my work. Lydia E. Pinkham's Vegetable Compound was recommended to me as the best remedy for my troubles, which it surely proved to be. I feel better and stronger in every way since taking it, and the annoying symptoms have disappeared." — Mrs. M. GODDEN, 925 Napoleon St., Fremont, Ohio.

Such annoying symptons as heat flashes, nervousnsss, backache, headache, irritability and "the blues," may be speedily overcome and the system restored to normal conditions by this famous root and herb remedy Lydia E. Pinkham's Vegetable Compound.

If any complications present themselves write the Pinkham Medicine Co., Lynn, Mass., for suggestions how to overcome them. The result of forty years experience is at your service and your letter held in strict confidence.

The Store With Reasonable Prices.

Easter Styles

The opening of Spring and the Easter Season finds this store fully prepared to take care of all your needs in wearing apparel for the coming season.

In both ready-to-wear garments and yard goods we were never able to show prettier designs or betters values, and our method of cash buying and selling enables us to give you the advantage of some excellent bargains in seasonable merchandise.

We are also showing new styles in the popular MAXINE SHOES for women which are very reasonably priced this spring, when trade conditions are considered.

Not only the saving, alone, but the advantage of a good selection and most desirable styles, should be of interest to you in buying your new Easter things.

Our Phonograph Department

A department that became popular almost over night is our phonograph department, and we can only ascribe its success to our policy of handling the best machines we were able to buy. The beautiful

Sonora
CLEAR AS A BELL

has made a wonderful hit wherever it has been seen and heard. We now have a greater demand for thees machines than we are able to supply, and have but three models on the floor, but we have secured a large shipment of

MARVELON

These phonographs are not quite so high priced as Sonoras, but they have a wonderful depth of tone, and the cabinet construction is superior to anything we have seen for the money. They are very easily changed to play any record, a simple twist of the tone arm brings the sound box into position.

Donnelly, Mr. and Mrs. A. W. Nelson, Mr. and Mrs. C. Drake, Mr. and Mrs. J. H. Jamison, A. M. Schafer and sons, Mrs. W. O. King, Misses Florence and Irene Corcoran, and Miss Irene DeFreece, Messrs. P. Pepple, Maurice Egan, Samuel Allen and Masters Lawrence and Orvil Hedges.

Wadleys Give Dinner.

Mr. and Mrs. T. L. Wadley were the hosts of a dinner party last night at which their guests were Mr. and Mrs. F. M. Compton, Dr. and Mrs. J. C. Allender and Mr. and Mrs. Emmet Scott.

Funks at Home.

Mr. and Mrs. Cleve Funk and young son have returned to their cottage on West Third street. During the absence of Mrs. Funk's parents, Mr. and Mrs. N. Sturm, who spent the winter in Oklahoma, the Funks occupied the Sturm residence on South Main street with Miss Clara Sturm.

Curfmans to New Home.

Mr. and Mrs. Roy Curfman have leased the Lippman cottage at 1019 North Oak street, recently ossupied by Dr. and Mrs. F. R. Anthony, and will go to housekeeping there this week. The Anthonys will be at home for the present with Mr. and Mrs. F. W. Crow until the home which they have purchased is vacated.

Miss Armstrong Entertains Club.

Miss Mina Armstrong entertained the Merry Minglers yesterday afternoon at her country home east of the city. After the needlework hour, a dainty luncheon was served by the hostess assisted by her mother, Mrs. J. J. Armstrong. Those present were Mrs. M. Dugan and small daughter, Mrs. J. J. Armstrong, Louis Wilson, Fred and Raymond Armstrong, visitors, and Mrs. A. Marsh, Mrs. A. B. Stein, Mrs. J. B. Johnson, Mrs. H. J. Lind, Mrs. Lewis Wilson, Misses Minnie Jaeger, Clara Stein, Nettie Smock and Theresa Jaeger, club members. The next meeting will be at the home of Mrs. Verlin Conley April 17.

Shrinkage of Corn and Wheat Stored.

Ear corn loses from 5 to 20 per cent of its weight in the first year of storage, the loss being greater with poorly matured than with well matured corn, and with dry fall weather than with rainy weather. Exceptionally soft corn may shrink as much as 30 per cent. Most of the loss occurs in the first six months. After corn is thoroughly air dried its weight fluctuates with the moisture in the air, varying as much as 3 per cent. The shrinkage is largely water but there is some loss of dry matter.

Wheat loses 2 to 3 per cent during the sweating process and afterward fluctuates in weight with the humidity, the extreme variation being about 6 per cent from the original total weight.

SPRING FEVER

Following Colds, Grippe, Thin, Watery or Poisoned Blood

(By Dr. Valentine Mott.)

At this time of year most people suffer from what we term "spring fever" because of a stagnant condition of the blood, because of the toxic poisons stored up within the body during the long winter. We eat too much meat, with little or no green vegetables.

Bloodless people, thin, anemic people, those with pale cheeks and lips, who have a poor appetite and feel that tired, worn or feverish condition in the springtime of the year, should try the refreshing tonic powers of a good alterative and blood purifier. Such a tonic as druggists have sold for fifty years, is Doctor Pierce's Golden Medical Discovery. It is a standard remedy that can be obtained in tablet or liquid form. Made without alcohol from wild roots and barks.

Occasionally one should "clean house" with castor oil or tiny pills made up of the May-apple, leaves of aloe and jalap, and sold by almost all druggists in this country as Doctor Pierce's Pleasant Pellets.

Boulder, Colo.—"About seventeen years ago I was given up by home physicians. I was discouraged, but hearing of Dr. Pierce's wonderful Golden Medical Discovery thought I would give it a trial. I coughed night and day, but after taking the third bottle of the 'Discovery' the cough began to cease and I lay down for the first night's sleep in six weeks. I then wrote to Dr. Pierce and took specially prepared medicines for about three months. I also kept taking the 'Golden Medical Discovery' during this time and continued for one year. I can safely recommend Dr. Pierce's Golden Medical Discovery to all."—*Mrs. O. J. Adams.*

Are you living by the pure food plan? Choice meats help to build a man. Have you tried the meats we sell? Eat them if you'd live quite well. Keep our number in your mind. This shop's not so hard to find.

Watch for Mr. Happy Party.

Ruddy Cheeks—Sparkling Eyes —Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

FRECKLES

Now Is The Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as Othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of Othine—double strength—from any druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful, clear complexion.

Be sure to ask for the double strength Othine as this is sold under guarantee of money back if it fails to remove freckles.—Adv.

MISSOURI STATE LETTER.

St. Louis, April 4.—Seventeen aeroplanes, including some captured from the Germans, and the latest types of the American and French planes will fly over various points in Missouri in connection with the Victory Liberty Loan Campaign, which opens April 14.

The exhibition will consist of sham battles, with the German planes taking the same role they had during the war. The pilots will give demonstrations of aerial aerobatics and distribute Liberty Loan literature over the towns in Missouri.

Columbia, April 4.—When it comes to Number 13 being a lucky number, President Wilson has nothing on Chas. C. Woods of Laredo, Mo., an alumnus of the University of Missouri.

Woods went through the war without being injured, despite the fact that the number 13, termed by many people as an unlucky number, followed him everywhere he went.

Here's some of his experiences with Number 13.

Member of the 13th Engineers. Regiment organized Friday July 13, 1917. Left Chicago in two trains of 13 coaches each and landed in France August 13. "Windy City Echo," the paper published by his regiment has 13 letters. It was issued on the 13th day of each month at headquarters. Fleury-Sur-Aire, also composed of 13 letters. The last issue of the paper was No. 13 and was published February 13. The regiment left 13 mounds on the summit near Fluery-Sur-Aire.

St. Louis, April 4.—"There is no progress wihout conflict and the present period of unrest should cause no alarm," said Dean Gephart of the School of Commerce and Finance of Washington University.

"The world can not advance," he said, "without the clash of minds and systems that quicken thought and compels the race to use its wits and energy to find its way out of the difficulties."

St. Louis, April 4.—Missourians employed by the Wabash railroad will be asked by Fred Meyers, superintendent of safety of the Wabash, to contribute toward the $20,000 fund being raised by employees of the road for a monument in memory of Edward F. Kearney, president of the road, who died recently.

It has been suggested that the proposed monument be erected at Logansport, Ind., near where Kearney was born.

St. Louis, April 4.—Invitations have been extended to all congressmen of the Mississippi Valley to attend the sessions of the Mississippi Valley Waterways Association here April 17 and 18.

Twenty mayor's of cities in the valley have sent word that they will attend.

Resolutions have been prepared for submission to the convention asking congress to provide funds for the following projects:

WATER WORKSMAN GIVES OUT FACTS

After Searching For Years He At Last Finds Medicine That Ends Troubles.

"I have been trying for years to get something that would relieve me of my troubles and have found it at last in Tanlac," said Alfred Jolly, of 3291 Quitman street, Denver, Colo., and an employee of the water works department of that city.

"For a long time," he continued, "my stomach was in such an awful fix that I could eat hardly a thing without being in misery afterwards. Even the lightest foods would bloat me up with gas and I was constantly belching up sour, undigested food that at times would almost choke me, and often I would get so nervous that it was almost impossible for me to rest at night. I suffered agony from rheumatism and was in such a wretched condition that I was hardly fit for a thing.

"After trying nearly everything I could hear of I took Tanlac, and it sure hit the spot and has made a different man of me. My appetite is splendid, my nerves steady, I sleep like a log at night, have gained eight pounds and am in better shape than I have been in years."

Tanlac is sold in Maryville by the Koch Pharmacy and by A. M. Colly, Conception Junction; H. M. Lincoln, Pickering, and Carter Pharmacy, Burlington Junction, Mo., and in Barnard by Bear Drug Store, in Elmo by King Drug Co., and in Clearmont by Dr. W. H. Wiley.—Adv.

DOING HIS DUTY.

"For two years I suffered agonizing pains in my stomach, belching up sour and bitter fluids and gas. Tongue always coated. Doctors were unable to help me. The first dose of Mayr's Wonderful Remedy made me feel 100 per cent better, and I am now feeling better than at any time in my life. I deem it my duty to advise other sufferers." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.—Maryville Drug Co., and Druggists Everywhere.—Adv.
